Bernie Profato  
Executive Director

State of Ohio  
OHIO ATHLETIC COMMISSION

Minutes of the June 11, 2013 meeting of the Ohio Athletic Commission ("OAC") held at 10:00 A.M. at the Bureau of Workers' Compensation, Garfield Heights, Ohio.

- I. The meeting was called to order at 10:00 a.m. The Pledge of Allegiance was led by Executive Director Bernie Profato. Roll call was taken by Executive Director Profato. - IV. There was no unfinished business.
- V. Under new business, Mr. Profato stated that the World Anti-Doping Agency (WADA) wants to relax the current reading for marijuana which is 15 nanograms per milliliter to 150 nanograms per milliliter in an athlete's urine. A meeting of state athletic commissions next month could determine whether combat sports regulators will adopt WADA's more relaxed rules. The Association of Boxing Commissions' medical committee will then make a recommendation on whether or not to follow the new threshold. Ohio will enforce whatever regulations are in place. Also under new business, Mr. Profato informed the Commission that there was a problem with the urine test results for a female fighter from Brazil on the Cleveland show. She was fighting in the main event and we usually drug test the main event plus the two title fights. Mr. Profato had previously received three or four emails saying that you might want to drug test this fighter because she has tested positive in the past for drugs. This fighter was fined for missing weight and was hesitant about everything. It is going to cost us more to run another test on it. If she flunks it and it is not urine she will be fined. This is considered a refusal to take the test. In the future, a female judge or timekeeper will be assigned who can administer the drug tests to the female fighters.
